The notes form part of these financial statements

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 NOVEMBER 2017**

1. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on the going concern basis which assumes that the Chairman will provide continued support. Should the company be unable to continue trading, adjustments would have to be made to the financial statements to reduce the value of the assets to their recoverable amounts, to provide for any further liabilities which may arise and to reclassify fixed assets and long-term liabilities as current assets and liabilities.

Key accounting estimates and assumptions

Accounting estimates, by definition, will often vary from the actual results. They are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The nature of the estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

Useful economic lives of intangible and tangible assets

The annual amortisation or depreciation charge for intangible and tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets, which are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets.

Deferred taxation

The company has significant tax losses available to carry forward against future trading profits. No deferred tax asset has been recognised on these losses as given the historic performance and budgets for the coming financial year the asset is not deemed recoverable in the foreseeable future.

Investment cost

The cost of gifted shares are valued at the fair value at the date of gift. The fair value is determined using the enterprise valuation method.

Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

Intangible fixed assets and amortisation

The intangible asset relating to the stadium is written off in equal instalments over its estimated useful economic life of 20 years.

The costs associated with the acquisition of players' registrations are also capitalised as intangible fixed assets. These costs are amortised in equal annual instalments over the period of the respective players' contracts. Players' registrations are written down for impairment when the carrying amount exceeds the amount recoverable through use or sale. Any transfer fees payable as a result of the occurrence of one or more uncertain future events are capitalised when it is probable such event will occur.

**NOTES TO THE FINANCIAL STATEMENTS - continued
FOR THE YEAR ENDED 30 NOVEMBER 2017**

2. ACCOUNTING POLICIES - continued

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 50% on cost, 33% on cost and 25% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

The company has chosen to adopt Section 11 of FRS 102 in respect of financial instruments.

Short and long term debtors are measured at transaction price, less any impairment. Short and long term creditors are measured at the transaction price.

Investments

Fixed asset investments are stated at cost less provision for diminution in value. Where shares are gifted the fair value of the shares at the date of transfer are taken to be the deemed cost.

Hire purchase and leasing commitments

Rentals under operating leases are charged on a straight line basis over the lease term.

Company information

The company is a private company limited by shares and is incorporated in England and Wales, company registration number 01810029. The address of its registered office is The John Smith's Stadium, Stadium Way, Leeds Road, Huddersfield, HD1 6PG.

3. EMPLOYEES AND DIRECTORS
